A four-day luxury mobile safari exploring Chobe National Park's river and floodplains by game drive and boat cruise.

DAY 1 – 4 | CHOBE NATIONAL PARK

On arrival in Kasane you will be met by your guide and transferred to the Chobe National Park. The park is the 2nd largest in Botswana (11,700km²) and named after the river Chobe that forms the northern boundary of the park. The Chobe River supports one of the largest concentrations of elephant found in Africa and it is not uncommon to encounter herds in excess of a hundred. The elephants leave the river for the southern region of the park during the rainy season (December to March)

at the time when food and water is freely available inland. Chobe is also famous for its huge herds of buffalo, the Chobe bushbuck, and for being the southern-most point where puku can be seen. The river serves as the main water source for the wildlife and birdlife in the area.

The next 3 days will be spent exploring the Chobe river and its floodplains on game drives and one of the days a lunch boat cruise, which are the best ways to get the most out of this park.
